

# Chaima BOUGHANMI

## Junior Data Scientist/Analyst - R/Shiny developer

@ boughanmichaima9@gmail.com  
🚗 Driver's License B

📞 07 53 65 16 71

🌐 chaima-boug

🔗 BOUGHANMIChaima

🌐 chaimabgh.netlify.app

A self motivated and highly self driven individual a communicator with good interpersonal skills. Experienced in data analysis, machine learning, programming and with immaculate statistical, problem solving, optimization and analytical thinking skills.

## EXPERIENCES

### Data scientist & Business modeler | @ BVA Xsight 🔗

📅 Since november 2022

– CDI –

- Experienced analysis in Marketing Mix Modeling, ROI, and market research, with advanced expertise in three-dimensional modeling, quantifying the past and future effects of decisions.
- Estimating the value of immaterial assets and deploying business visualizations, dashboards and presentations.
- **Technology:** R, R Shiny, MMM, Fields : FMCG, automotive, teleco, medias and marketing

### Data scientist | @ RTE Paris 🔗

📅 02/04/2022 - 31/10/2022

– End of studies internship –

#### Enhance the performance of the transmission system operations planning process through data analysis and machine learning

- Creation of SQL queries to extract data from several databases of different departments.
- Processing and analysis of data needed to improve the planning process.
- Development, publishing and documentation of an interactive dashboard using R shiny.
- Classification of the constructions and prediction of the consumption using machine learning algorithms.
- **Technology:** R, R Shiny, Rmarkdown SQL,Dremio, Git

### Statistician Trainer | @ Word Health Organization 🔗

📅 01/08/2021 – 10/08/2021

– Training –

- **Technology:** R, descriptive statistics, inferential statistics

### Data scientist researcher | @ GREYC Laboratory – University of Caen Normandie 🔗

📅 01/03/2021 – 31/08/2021

– End of studies internship –

#### Tactical analysis of team sport data

- Implementation of an algorithm based on dynamic graphs for the identification of playing styles by detecting frequent patterns in the coordinations between players in collective sports: Handball
- **Technology:** Python Object Oriented Programming , Data mining, dynamic graphs

### Data Analyst Engineer | @ One to One for Research and Polling 🔗

📅 01/07/2020 – 31/08/2020

– Stage –

#### KAP study in the early childhood

- **Technology:** R, R shiny [Dashboard's link](#) 🔗

## PROJECTS

### Cryptocurrency pricing prediction

**Technology:** Python: Random Forest,Gradient Boosting,XG Boost RNN-LSTM

### Falls detection using Machine learning algorithms

**Technology:** Python: Sklearn, Numpy, SMOTE, Naive Bayes, QDA, Logistic regression, Random Forest, AdaBoost

### Shortest path finding: Applying to image reduction and creating an R package

**Technology:** R: Bellmanford, Dijkstra, Seamcarving, R package

### Prediction of the probability of solvability of a customer [Dashboard's link](#) 🔗

**Technology:** R, R shiny , ANOVA, logit, probit, SVM, decision tree, neural network

### Creation of a Dashboard to track Covid-19 in Tunisia [Dashboard's link](#) 🔗

**Technology:** R, R shiny

(the rest of my projects on my github on this link)

## EDUCATION

### Master's degree in Data science : Health, Finance, Insurance | Paris Saclay University 🔗

📅 2021 – 2022

### Research master's degree TICV | National School of Engineering of Tunis (ENIT) 🔗

📅 2020 – 2021

### Engineering degree | High School of Statistics and Information Analysis (ESSAI) 🔗

📅 2018 – 2021

## SKILLS

### Basic skills:

Asymptotic statistics

GLM

non-parametric models

tree-based models

MCMC

### Programming:

R

R Shiny

Python

SAS

### data management:

SQL

NoSQL

Cypher-Neo4j

### Deployment and OS:

Linux

Git

### Data Analytics et dashboarding:

PowerBI

Tableau

### Machine Learning:

Random Forest

Naive Bayes

XG Boost

Gradient Boosting

LDA

QDA

Logistic regression

KNN

### Deep Learning:

Neural networks

TensorFlow

Keras

### Document processings:

LaTeX

Microsoft Office

## CERTIFICATIONS

DataCamp-Machine learning with python

SAS : Datamatrix

## LANGUAGES

French: **Bilingual:** DELF B2 85,75/100

English: **Fluent:** TOEIC 755/990

Deutsch: **Beginner**

Arabic: **Mother tongue**

## AREAS OF INTEREST

Football

- 5th place at the French Championships 2022 🔗

- Previously captain of a women's soccer team

Lecture

Ping Pong

## COMMUNITY LIFE

R Ladies Paris 🔗

Statisticians without borders 🔗
